

Additional Resources

InfraGard

InfraGard is a Federal Bureau of Investigation (FBI) program that began as a local effort to gain support from the information technology industry and academia for the FBI's investigative efforts in the cyber arena. Under this initiative, state, local, and tribal law enforcement, academia, other government agencies, communities, and private industry work through FBI field offices to ward off attacks against critical infrastructure.

United States v. Antoine Jones

132 S. Ct. 945, 565 US ___, 181 L. Ed. 2d 911

United States v. Jones (2012) is a U.S. Supreme Court case in which the Court held that installing a Global Positioning System (GPS) tracking device on a vehicle and using the device to monitor the vehicle's movements constitutes a search under the Fourth Amendment.
